

Sharpe Lab – Immunology

Sharpe lab is always happy to hear from highly motivated postdoctoral fellow candidates with previous experience in the areas of autoimmunity, immune tolerance or cancer immunology. We are dedicated to fostering a collaborative environment and welcome individuals with similar attitudes to join our lab. Candidates should have a track record of high quality biomedical research and a strong publication record. The successful applicant will have ample opportunities to develop new skills, and will work in a world-class scientific environment with full access to cutting edge tools and technologies. We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law.
