

POSTDOC LEADERSHIP SKILLS

Leadership and Management Course for Postdocs

In-person | Friday, March 31, 2023

- Workshop led by-

hfp consulting provides professional development workshops exclusively for the scientific community.

COURSE DESCRIPTION

This experiential and interactive course addresses relevant topics to develop and sharpen your competence portfolio.

Goals of the course:

- Lead without being in charge
 - Communicate well
 - Collaborate effectively
- Understand conflict drivers and dynamics
 - Set priorities and manage their time
 - Build a peer support group

HOW TO APPLY

This program will be limited to 30-35 postdocs.

Preference will be given to Quad-based HMS/HSDM postdocs that are going or are already on the job market.

You must submit an application to be considered for participation.

Application materials include: Statement of interest; NIH Biosketch or short-form CV.

Specific Instructions and application can be found on the OPF website:

postdoc.hms.harvard.edu/leadership_course

The application deadline is:

Wednesday, March 15, 2023
